Summary of Changes

Addition of 8th grade students (pre-freshman)

There are three options on **school information** page:

3 year program: 10-12 only

4 year program: 9-12 8th graders (pre-freshmen) are located in close proximity (same school grounds or within commuting distance). Transportation will not be covered by the US Army Cadet Command, JROTC.

5 year program: K-12, 8-12, 7-12 (schools) etc. 8th graders (pre-freshmen) are in the same physical school as 9-12.

8th grade Cadets will be added to LET 1 their 8th grade year, and will **continue with LET 1 through their 9th grade year.**

8th grade enrollment on enrollment reports will be 100%. If you have six (6) 8th grade JROTC Cadets **physically** in your school (5 year program), then the school enrollment for 8th graders (pre-freshmen) will also be six (6).

If you have six (6) 8th grade JROTC Cadets physically in your program, and two (2) magnet 8th graders (homeschooled or transported), your school enrollment for 8th graders will be six (6) and two magnet Cadets.

Magnet Cadets: Your magnet Cadets will not be entered into the ethnic breakout table or in the host school count, as they are not PHYSICALLY in the school.

*** 8th graders are listed as pre-freshmen on enrollment reports**

Grant Information

Grant information has been added to the school management page.

Based on Section 513 of the National Defense Authorization Act (NDAA), JROTC is required to collect information on grants to support science, technology, engineering, and math (STEM).

On the school information page, please click the corresponding radio button for receiving grants (Y/N). If you answer yes, you will need to enter total monetary amount and total federally funded amount.

Chapter 1 - Logging into JUMS and Password Reset

1-1 Logging into JUMS

<https://jums.usarmyjrotc.com>

All HQ USACC, Brigade Staff, JROTC DAI, and JROTC Instructors who do not have a CAC must have a Defense Manpower Data Center (DMDC), Defense Services (DS) Logon Premium account to access JUMS. CAC card holders have the option of logging into JUMS using the DS Logon or CAC card logon.

If you do not have a DS Logon account, you may create an account from the JUMS Logon page by selecting the blue hyperlink question, "Create Account".

If you require assistance, creating a DMDC – DS Logon account or resetting your account password please call: DMDC – DS LOGON TECHNICAL SUPPORT at telephone 1-800-477-8227, select "option 2."

Please DO NOT email or call the JUMS Help Desk or the HRC Service Desk for assistance with creating a DS Logon account or resetting your DS Logon password.

Chapter 2 – Annual School Year Set-up Requirements

2-1 Overview of Annual School Year Set-up Requirements

The JUMS school year is 1 July – 30 June annually. The JUMS school year resets on **1 July** each year. The school year set-up **MUST** be completed each year, **after** 1 July for the new school year. On 1 July when JUMS resets for the new school year, the JUMS Home page will display the required School Year Set-up wizard. Users will not have full function of the JUMS menus until the school year set-up items are completed per the instructions below.

jumstrng.usarmyjrotc.com says

The JUMS school year changes over on 1 July each year. In order to have functionality of the JUMS application the "School Year Set-up" requirements must be completed annually. Scroll down this page to the "School Year Setup Table" and complete the annual requirements in the order they are listed. For step-by-step instructions, please refer to Chapter 2 of the current JUMS User Guide.

OK

2-2 Review and Update Information about the School

NOTE: The school name, business address, phone number, Superintendent, Principal names, and other school information reflected in BOLD in JUMS cannot be changed in JUMS.

If the **school name or address is incorrect**, DA Form 918B (Amendment to Application for Establishment of Army Reserve Officers' Training Corps Unit) is required to request the correction. Instructors must complete the form and mail it and 4 copies to your designated representative (either your Brigade or your Director of Army Instructor (DAI)). They will review and verify the information and submit the request to the USACC, JROTC, Instructor Management Division.

To correct **superintendent or principals' names in JUMS**, submit a letter on school letterhead or district letter head for Superintendent, signed by a school official with the correct information through your brigade JROTC staff, to the USACC, JROTC Directorate, Instructor Management Division. Letters may be emailed to usarmy.knox.usacc.list.hq-jrotcpay@army.mil. The instructions to correct this information is located in JUMS by navigating to Manage Unit/School Information and clicking on the blue information icons located adjacent to the Superintendent and Principal Names.

School Year Set Up

School Year Setup Table

Welcome to the **2022 - 2023** school year.

Complete these steps in order to assure that information is correct for your records and upcoming reports. Cadet information for this school year cannot be entered until these steps are completed.

Some materials you will need are:

- ➡ Any updates to the School or Unit like dates, or changed phone numbers.
- ➡ List of all Cadets that did not advance to the next grade.
- ➡ List of all Cadets that graduated last year.

Review and Update information about the School	<input type="checkbox"/>	Not Started
Review and Update information about the Unit	<input type="checkbox"/>	Not Started
Graduate Last Year's Seniors	<input type="checkbox"/>	Not Started
Assign next School Grade, LET Levels and Class Period	<input type="checkbox"/>	Not Started
Add new Cadets	<input type="checkbox"/>	Not Started

While you will be able to save and return later, you will need to complete all the steps in order for you to have full functionality of the JUMS application.

- a. From the JUMS homepage, in the School Year Set-up table, click the green **School** hyperlink and enter data in all fields with an asterisk (*). You may also reach this page by going to the top menu bar, scroll to **Manage Unit**, and select **School Information**.
- b. Fill in all required fields.
- c. Enter the dates for the student and Teacher/Instructor first and last days. For your school to receive unit report points for events conducted during the summer months it is recommended that traditional schools enter 1 July as the start date for both students and teachers, and 30 June for the end date. This will ensure that all unit events are captured on the unit report. Block schedule schools would enter 1 July – 31 Dec for the 1st block/semester and 1 Jan – 30 June for the 2nd block/semester for both students and teacher/instructor. **The dates entered here have no bearing on the instructor contract.**
- d. Click **Save** at the bottom of the screen when finished.

2-3 Review and Update Information about the Unit

- a. From the JUMS homepage, in the School Year Set-up table, click the green **Unit** hyperlink (You can also reach this page by going to the top menu bar, scroll to **Manage Unit** and select **Unit Information**; enter data in all fields with an asterisk (*).
- b. Fill in all required fields.
- c. Click Save at the bottom of the screen when finished.

2-4 Graduate Last Year's Seniors

Note: To graduate a Cadet all issued items must be returned to inventory. Graduation plans must be entered in each senior Cadets record. To complete the Intentions of Graduate input requirements and Graduate Last Year's Seniors follow these steps:

- a. From the JUMS homepage, in the School Year Set-up table, click the green **Graduate Last Year's Seniors** hyperlink.
- b. The Cadet Detail page will open with the "Graduation Panel" displayed.
- c. A list of senior Cadets will be displayed in the "**Update Search**" box, located at the top left of your screen. The name of the first Cadet displayed in the lists record

will be open. The name of the Cadet whose record is open will be displayed in bold on the top left of the page.

d. Under the graduation section, select the Cadet's graduation plans from the provided drop-down lists; once you have completed all the applicable fields, click the **Status** drop-down menu, and select "**Graduate**" from the list, click the **save button** at the bottom of the screen.

e. The screen will refresh, at the top of the page click the "**Next**" button, this will open the next Cadet in the lists record.

f. Under the graduation section, select the Cadet's graduation plans from the provided drop-down lists; once you have completed all the applicable fields, click the **Status** drop-down menu, and select "**Graduate**" from the list, click the **save button** at the bottom of the screen.

g. Repeat steps e and f until graduation plans have been entered for all the listed senior Cadets, and their status has been changed to graduate.

2-5 Assign Next School Grade, LET Level, and Class Period

These steps are completed for enrolled Cadets in grades 8, 9, 10 and 11.

a. From the JUMS homepage, in the School Year Set-up table, click the green **Assign Next School Grade, Let Level and Class Period** hyperlink. The Cadet Batch Actions page will open.

NOTE: If the hyperlink is no longer displayed, from the top menu bar select **Manage Cadets**, from the drop-down menu select **Cadet Batch Actions**. The Cadet Batch Actions page will open.

b. Click the blue **Search hyperlink** next to **Selected Cadets**; the Search Cadet Screen will open.

c. In the Search Cadets, Cadet Search Criteria screen, **Grade**, select **11** from the drop-down menu, next click the **Search Button**. The 11th grade Cadets will appear in a Search Results table at the bottom of the page. By default, all of Cadets returned from the search criteria are selected. Verify the list, any Cadet you do not want to perform the batch action on may be unselected by clicking on the check mark in the select column. Once, you have verified the selected 11th grade Cadets, scroll to the bottom of the screen, underneath the Cadet List, and click on the **Select Cadets** button.

d. The screen will refresh, and the selected Cadets will be listed in the Selected Cadets table at the top left of the screen.

e. Click on the drop-down menu arrow next to **Batch Action**.

- f. Select **Cadet Details** from the dropdown list; scroll to the bottom of the page and select **Change Details**. The Cadet Details panel will open.
- g. From the Grade dropdown menu select 12.
- h. Click the **Save** button.
- i. If your action was completed correctly, you will get a message **“Batch Processing Completed Successfully.”** Click **“OK.”** The screen will refresh and return you to the Cadet Batch Action page.
- j. **Repeat steps b-h to move 10th grade, Cadets up to the appropriate grade and let level.**
- k. **Repeat steps b-h to move 9th grade, Cadets up to the appropriate grade and let level.**
- l. **Repeat the steps b-h to change Cadet LET levels and class periods. Begin at LET 3 and move the Cadets in each LET level up to the next LET Level.**
- m. Once all Cadets have been moved to their new grade, LET level, and class period, you will be returned to the JUMS homepage **the hyperlink “Assign Next School Grade, LET Level, and Class Period”** will be marked complete.

Chapter 3 - Cadet Information - Adding, Searching, Editing Cadet Information, Create Cadet Roles, Manage Cadet Passwords, Create and Assign Cadet Positions

3-1 Add New Cadets

- a. From the top menu bar, select **Manage Cadets**, from the drop-down menu select **Search/Add Cadet**.
- b. Click on the **Add Cadets** button and enter data in all fields with an asterisk (*).
- c. Medically excused from fitness testing – Enter the Cadet’s fitness testing status by selecting the appropriate radio button. (The radio button is the little ‘dot’ next to the words ‘yes’ and ‘no’)
- d. Student Type – Select the student’s type, **Cadet or Participating Student by clicking in the appropriate radio button. Please review CCR 145-2, Chapter 7 Cadet Management for requirements**
- e. Click the Save button at the bottom of the page. If all information was correctly entered you will receive a message **“Cadet information successfully entered and saved.”** Clicking ok will return you to the JUMS homepage.

Error Message – If you have not entered all required data, an error message will appear at the top of the page indicating the incorrect information (you may have to scroll to top of the page to see the message). Correct required information and click the save button at the bottom of the page.

Note: Only Instructors can add new Cadets into JUMS, JROTC Cadets are **NEVER** allowed access to add or remove Cadets.

3-2 Import New Cadets from a File into JUMS

Download the Cadet Import File Template from JUMS. Below are the JUMS menu steps in order, to download the file.

- a. From the top menu bar, select **Manage Cadets**, from the drop-down menu select **Search/Add Cadet**.
- b. Click the **Import Cadets from File** button, located at the top of the page, the Cadet Import window will open.
- c. Click the **Download the Cadet Import Template** button.
- d. A new window opens with “**What do you want to do with the Cadet Import Template .xlsx?**” Click “**Save as**,” another menu will open with the file name displayed, select the location you want to save the file to and click save. The file will save in the location selected as a Microsoft Excel Worksheet (*.xlsx). **DO NOT CHANGE THE SAVE AS FILE TYPE.**
- e. The import file has now been successfully saved to the selected location on your computer. Cadet information should be entered following the instructions in para 3-3 below.

3-3 Enter Cadet Information into the Cadet Import File Template

The Cadet Import Template File is an Excel spreadsheet.
There are two (2) tabs located at the bottom of the spreadsheet.
Tab 1 - Cadet Info
Tab 2 - Instructions

Below are the instructions for Importing Cadets (From the Cadet Import File Template, Instructions tab). Read all the instructions below, before you begin entering your Cadet information into the Cadet Info tab of the spreadsheet.

1. Cadet information for the Cadets to be imported is entered on the Cadet Info tab. You must enter data in all required fields. Required columns are highlighted in yellow on the spreadsheet.

Note: Do not change any of the information in the Cadet Info tab, row 1, do not resize the columns - the spreadsheet will not import into JUMS if these items are changed.

2. There are fourteen (14) required fields, the required fields are last name, first name, birth month, birth year, gender, race, student type, attending

different school, class period, grade, LET, enrollment date, expected graduation month, and expected graduation year.

3. There are three (3) optional fields. It is optional to enter data into these fields or leave them blank. Optional columns are not highlighted.

4. You must make selections from the drop-down selection boxes in the Columns that have them. **The drop-down selection boxes must be used to ensure the formatting of these fields match JUMS.** Columns d, e, f, g, h, i, k, l, m, o, and p have drop-down selection boxes.

5. Click the Cadet Info tab at the bottom of the spreadsheet. From the 'Cadet Info' tab, enter the required and desired optional information for each of your new Cadets. **You may save, and reopen the spreadsheet when entering the Cadet data, as many times as necessary.** Once all your new Cadet information is entered into the spreadsheet, you are ready to do a final review of the information, and save the data in the import format, required to upload the Cadet data into JUMS.

6. **Save the completed template in the current Excel format prior to proceeding to the next step as the next step will change the file type and formatting of the information.**

7. Save the template as a **CSV (Comma delimited (*.csv))** file from within Excel following the steps below.

Note: You must be viewing the 'Cadet Info' tab when you save the data as a .CSV file.

a. From the **Cadet Info** tab of the spreadsheet, click the **office button** in the top left corner of the spreadsheet. From the drop-down menu, click **save as**, a new window will open.

b. Click **Save as**, select a file location such as desktop, in the File name box, **type a file name or you may use the current file name**, from the **save as type, selection drop-down list choose CSV (Comma delimited) (*.csv)**. Close the spreadsheet. The spreadsheet will save in the new file format to your desktop or selected file location.

8. You are now ready to import your new Cadets into JUMS from the spreadsheet.

3-4 Import Cadet Information from the CSV (Comma delimited) (*.csv) Cadet Import File Template into JUMS

a. From the top menu bar, select **Manage Cadets**, from the drop-down menu select **Search/Add Cadet**.

b. Click the **Select Import File** button, the Cadet Import window will open.

c. Select **Import File**, the Cadet Import File Upload window will open. Select **Browse**, a new window will open, select **desktop**, or the location you saved your import file. Locate the **CSV file** and click on the **import file** to select the file - this will put the file name into the box in the import window. Click **open**, this will open the Cadet Import - File Upload window, click **upload**, this will upload your new Cadet's into JUMS. **An on screen pop-up box will display that will give you the status (upload successful, error, or cancelled).**

d. **If an error message is displayed**, it will provide the information necessary to correct the Cadet Import template so that it will successfully upload. The errors will be displayed in a **table at the bottom of the import screen**. The errors will be displayed by **Excel row number and Cadet name** on the Cadet Import screen. Correct all displayed errors and follow steps b and c above to upload the Cadet information. **Noted errors should be corrected on the EXCEL spreadsheet. Once the errors have been corrected, save the file in the CSV (Comma delimited) (*.csv) format per the instructions above. Import the corrected file into JUMS per the procedures above.**

Note: If an error message is displayed, none of the Cadets listed on the import file were uploaded into JUMS.

e. To verify the list of Cadets imported into JUMS, from the top menu bar, select **Manage Cadets**, from the drop-down menu select **Search/Add Cadet**. When the Cadet Search Criteria table opens, adjacent to **School Year**, click the **radio button "New Cadets (Added this school year),"** and click **search**. A list of Cadets added for the current school year will be displayed.

- a. Another search method is to type the name of one of the Cadets you imported into JUMS. The Cadet record for that Cadet should be available and open when the page refreshes.

Note: Only Instructors can add new Cadets into JUMS, JROTC Cadets are **NEVER** allowed access to add or remove Cadets. As new Cadets are imported into JUMS, the rank of Cadet Private E1 will be system appended to each new Cadets record. Rank orders **will not** be generated for the Cadet Private E1 rank. Students entered as "Participating Students" will not have the Cadet Private E1 rank appended to their records.

3-5 Advanced Searches

- a. From the top menu bar, select **Manage Cadets**, from the drop-down menu select **Search/Add Cadet**.
- b. On the Search/Add Cadets page look for the bar titled **"Advanced Search Fields"**

- 1) Follow that bar to the right at the end of the bar will be a button with two arrows pointing down: Click on the **down arrows button**.
 - 2) This opens the Advanced Search Fields... from here you can choose to search through your Cadets by specific fields.
- c. Scroll down to the **list of search fields**. From the list of search fields, select and or enter the information you are searching for from the **drop-down menu** lists or calendar icons.
 - d. Click the **Search** button on the lower left corner of the **Search/Add Cadets** page.
 - e. The search results will show all the Cadets that meet the criteria selected.

3-6 View or Edit a Cadet or Group of Cadets Data in the Cadet Detail Screen

- a. From the top menu bar, select **Manage Cadets**, from the drop-down menu select **Search/Add Cadet**
- b. There are two ways to search for a Cadet.
 - 1) In the Search Criteria section of the Search/Add cadet page you may enter the Cadet's information such as name, let level, class period etc... then click the **Search** Button, the Cadets that match the search criteria will appear at the bottom of the page.
 - 2) The second way is to leave the Search Criteria BLANK, and click the **Search Button**, in the lower left corner of the Search/Add Cadet page. This will open your entire cadet roster, click the **Deselect All button**, you may then scroll through the names and **click on the box** in the **select column** next to the Cadets name you want to view or edit. You may select a single cadet, or multiple cadets to view or edit.
- c. Once, you have selected the Cadet or Cadets you wish to edit, click on the **Edit Selected in Group** button in the lower left corner of the screen. Cadet information that may be reviewed, updated or printed are annotated in blue underlined categories or hyperlinks and include **Cadet Detail, Awards, Awards on Uniform, Positions, Academic, Counseling Consultations, Demerits, Rank, Events, Teams, Merits, Cadet Flags, Training, Cadet Challenge, Graduation, Instructional Material, Recommendations, Clothing, Recruits, and Notes**.
- d. Click on any of the category hyperlinks in blue to review, edit, or add new information in the Cadet's information record. Some of the information is auto populated from other information sources in JUMS and cannot be edited. Once you have completed reviewing or editing a Cadet's information click **save**, once the screen refreshes, if you have selected multiple Cadets for reviewing or editing click on the **Next** button to move to the next Cadet and repeat the process.

3-7 Transfer a Cadet's Record to Another Army JROTC Program

Cadet record transfers must be initiated by the losing school Instructor. Cadet record transfers are "Accepted" by the gaining school Instructor per the instructions in paragraph 3-8 below.

- a. From the top menu bar, select **Manage Cadets**, from the drop-down menu select **Search/Add Cadet**
- b. When the search screen opens **type the last name of the Cadet that you need to transfer** to another Army JROTC program. Click "**search.**"
- c. The selected Cadets, Cadet Detail Screen will open. Verify that all clothing and equipment issued to the Cadet has been returned to your program. This must be done before the Cadet record transfer can be initiated. To check this click the blue "**clothing**" hyperlink located on the Cadet Detail screen list. When the clothing screen opens, click "**Return All Items.**" A message will appear "Are you sure you want all items to be returned to the shelf?" Click "**OK.**"
- d. The Cadet Detail screen will refresh. On the left side of the screen under the box that displays the selected Cadet's name, click "**Transfer Cadet**"

Chapter 5 - Cadet Awards

5-1 Frequency of Awards

a. The frequency and type of awards that Cadets may earn are established in CC Regulation 145-2. Most Cadet awards are earned on an annual school year basis, please review the criteria for each award in Appendix C of the JUMS User Manual, or in CC Regulation 145-2. Instructors may not authorize or issue Cadets awards for wear on the Cadet uniform that have not been approved and authorized by the Department of the Army Heraldry.

b. Instructors must ensure that all Cadet awards are processed, and award orders generated in JUMS for Cadets in the school year they are earned. **All awards earned by Cadets each school year must be finalized prior to the JUMS school year change over that occurs on 30 June each year.**

c. Many of the Cadet N series awards were designated as “annual” awards by the Department of the Army when they were approved. Please review the award criteria in Appendix C, the criteria for each award. Cadets are eligible to receive annual awards once per school year. Once a Cadet receives an annual award, the system will not allow the same Cadet to receive the same annual award a second time during the same school year. Block schedule schools are authorized to give annual awards in both blocks. If a Cadet is selected for a second award designated as an annual award, JUMS will return a message “This is an annual award. NAME of CADET has already received this award for the current school year.” Click “OK.” This will return you to the Awards screen, click “Cancel.”

Examples of awards that Cadets earn individually and should not be Batch processed include the Academic Excellence Ribbon, Perfect Attendance Ribbon, Student Government Ribbon, Varsity Athletic Ribbon, Physical Fitness Ribbon, Personal Appearance Ribbon, Good Conduct Ribbon, Recruiting Ribbon, Excellent Staff Performance Ribbon, and the Directors of Army Instruction/Senior Army Instructor Leadership Ribbon.

Examples of awards that a group of Cadets earn based on participation in scheduled unit co-curricular events include the Color/Honor Guard Ribbon, Parade Ribbon, Service-Learning Ribbon, JCLC Participation Ribbon, Color Guard - White Cord, Raider Challenge/Orienteering Activity – Black Cord, and the Color Guard ARC Pin.

~~d-~~ **Cadet Challenge awards will AUTOMATICALLY be calculated as Cadet challenge scores are entered into JUMS and award orders generated and posted for the Cadets that earn an award based on their final score.** Award orders for the N-2-2, Physical Fitness Ribbon will be automatically generated by JUMS for all Cadets who achieved a score of 85% or higher per all five events. Award orders for N-2-3, JROTC Athletic Ribbon will be automatically generated by JUMS for all Cadets who achieved a score of 50% or higher per all five events. **Both the N-2-2 and N-2-3 ribbons are annual awards. For traditional schedule schools, JUMS will not generate or allow a second award for either of these ribbons to be generated and published for any Cadet regardless of how many Cadet Challenge scores are entered in the Cadets record in any school year. For block schedule schools, beginning in February 2017, JUMS will generate these orders a second time for Cadets enrolled in the 2nd block of the school year who complete and meet the Cadet Challenge award criteria.**

5-2 Naming “Optional by SAI” Awards and Shoulder Cords

In the awards list in JUMS, twelve (12) of the N series awards are indicated as "Optional by SAI". These awards were designed to give flexibility to individual programs, to establish the names and criteria for these awards. The N-Optional Awards were approved by The Institute of Heraldry (TIOH) for this goal and purpose.

All the optional by SAI awards may be edited and renamed to meet local school established criteria each school year. These awards regardless of what each unit may choose to name an optional award have already been approved by TIOH.

All the shoulder cords listed in JUMS are editable. Per CCR Reg 145-2, the shoulder cords may be designated for other purposes at the discretion of the DAI/SAI if a cord is not needed / applicable to the unit for the designated activity. All the shoulder cords listed in JUMS may be edited and renamed to meet local school established criteria each school year. These shoulder cords regardless of what each unit may choose to name the cord have already been approved by TIOH.

All Optional by SAI awards and Shoulder Cords may be assigned a unique award name once per JUMS school year. Once an Optional by SAI award or Shoulder Cord name is assigned, the name may not be changed again during the current

school year. The award may be presented to Cadets throughout the JUMS school year, provided the Cadets meet the established criteria for the award. **All optional award names will carry forward to the next school year. The optional award names may be edited or reset once per school year.**

- a. From your top menu bar, select **Manage Lists**, from the drop-down menu select **Award List**.
- b. Once the awards list screen opens, each award is listed, adjacent to each award are columns titled “**Award**”, “**Category**”, and “**Action**”. From the award list, scroll down the list to choose the **Optional By SAI** award or “**Shoulder Cord**” you want to rename.
- c. Adjacent to the Optional by SAI award / Shoulder Cord you want to rename, click the **edit** icon located under the Action column.
- d. A new window will open, Award List. In the Optional Award text box, **type the name** you want to assign to the Optional By SAI award or Shoulder Cord. Click **save**, you will be returned to the Awards List Page. The N designation of the award along with the new award or shoulder cord name will be updated and visible in the Award List.

After the event has been completed, instructors must review the awards and Cadets linked to the event to ensure all awards and Cadets that participated in the event are included and the number of Cadets linked to the event meet the event criteria for unit report points. Remove any listed Cadets who did not participate in the event.
- n. Once the event review has been completed and all the information has been verified, click the “**Finalize Event**” button.

Once the finalize event button is clicked, JUMS will check the event to ensure the event meets minimum unit report criteria. The following message will display “**Finalizing this event will assign event credits and publish award orders for the listed Cadets. Users may edit the event type after an event is finalized. All other event fields and data will be locked, the information cannot be edited. Are you sure you want to finalize this event?**” Click “yes.” If an event does not meet minimum unit report criteria, JUMS will display an error message “**This event does not meet unit report criteria. If you complete the finalization process, you will not be able to edit this event. This event will be listed on the Unit Report with zero points. Do you want to complete the finalization process?**” Clicking yes will finalize the event, clicking no will return you to the event screen where you may make the required event corrections, click save, and then click the “**Finalize Event**” button. **If you choose to override the finalize event error message for this event your unit will NOT receive unit report points for the Service-Learning Event unless you “Edit Finalized Event” per the procedures of para 7-6 and make the appropriate corrections to the event. JUMS will only allow each unit to enter one (1) Service Learning, Mandatory Project event per school year.**

- o. If no errors are detected, JUMS will finalize the event and display the following message at the top of the Manage Unit Events page “**Finalizing Event process is completed.**” A check mark will display in the “**Finalized**” column of the Event Instances panel.

- p. The award orders for awards linked to the event are published to the Award Orders page.
- q. To print award orders for awards linked to an event, from the top menu bar, select the **Manage Cadets** tab; from the drop-down menu select **Award Orders**.

Chapter 9 – Cadet Challenge

9-1 Print Cadet Challenge Score Cards

- a. From the top menu bar, select **Reports**, from the drop-down menu select the **Cadet** link. From the list of **Available Reports**, select **Cadet Challenge Score Card**.
- b. In the **Cadet Search Criteria** panel, search Cadets by entering search criteria or search all the Cadets by clicking the **Search** button located under Advanced Search Fields.

There are two ways to search for a Cadet.

1) In the Search Criteria section of the Search/Add cadet page you may enter the Cadet's information such as name, let level, class period etc.... then click the **Search Button**, the Cadets that match the search criteria will appear at the bottom of the page.

2) The second way is to leave the Search Criteria BLANK, and click the **Search Button**, in the lower left corner of the Search/Add Cadet page.

c. If you searched by all cadets, click the **Deselect All Button**, scroll down the list, and select the Cadets you want to print Cadet Challenge Score Cards, or if you want score cards for all your Cadets, leave all of the Cadets selected.

d. Once all the Cadets are selected, click the **View Report Button** at the bottom of the page.

e. A new window will open, and an individual Cadet Challenge Score Cards will be generated and displayed for each Cadet you selected. The score card will include the Cadet's name, gender, and age.

f. To prepare the report for printing click on the **Export button** (located on the top menu bar, the icon to the immediate left of the printer icon). Choose **PDF or Word**, to export the score cards to a printable file. A bar will open at the bottom of your screen that reads, "**Do you want to open or save OrderDataReport.doc from jumstraining.usarmyjrotc.com.**" Click on the **Save drop-down menu arrow**, and click **Save As**, a new window will open, type the name for your file in the **File Name box**, and **select the location where you want the file saved to from the list on the left**, and click **save**.

g. When you are finished, click the **X** in the upper right corner to close the report panel.

h. From the saved location on your computer print the Cadet Challenge Score Cards for each Cadet being tested.

9-2 Import Cadet Challenge Raw Scores from a File into JUMS

Download the Cadet Challenge Import File Template from JUMS. Below are the JUMS menu steps in order, to download the file.

a. From the top menu bar, select **Manage Cadets**, from the drop-down menu select **Import Cadet Challenge Scores**.

b. The screen will refresh to the Cadet Challenge Import page.

c. Click the **Download the Cadet Challenge Import Template** button.

d. The Search Cadets screen will open, enter the appropriate search criteria for the Cadets you want to download to the Cadet Challenge Import Template. Once you have verified the Cadets selected, scroll to the bottom of the Search Results, and click “Select Cadets” button.

e. A new window opens with “**What do you want to do with the Cadet Challenge Template 1046.xlsx?**” Click **Save as**, another menu will open with the file name displayed, select the location you want to save the file to and click save. The file will save in the location selected as a Microsoft Excel Worksheet (*.xlsx). **DO NOT CHANGE THE SAVE AS FILE TYPE.**

f. The import file has now been successfully saved to the designated location on your computer. The Cadet Challenge Import Template downloads with the following information already completed for all active Cadets: Cadet last names, first names, middle initials, and age. Cadets are listed alphabetically by last name.

g. Cadet Challenge information should be entered into the template following the instructions in para 10-3 below.

9-3 Enter Cadet Challenge Scores into the Cadet Challenge Import File

The Cadet Import Template File is an Excel spreadsheet. Below are the instructions for entering Cadet height, weight, and Cadet Challenge raw scores into the template. Read all the instructions below, before you begin entering Cadet information into the spreadsheet.

Note: Do not change any of the information in the spreadsheet, row 1, do not resize the columns - the spreadsheet will not import into JUMS if these items are changed. It is not necessary to delete Cadet’s names from the template if they did not participate in the Cadet Challenge being entered. Listed Cadets who did not participate in the test information will be left as it printed on the template, no entries or deletions for these Cadets is required. This WILL NOT cause an error when the template is imported into JUMS. For those Cadets who are unable to participate in testing in all five (5) events, the template will upload correctly with partial raw testing information entered for those Cadets. Simply leave the event columns those Cadets did not test in BLANK.

1. Cadet height, weight, and raw test scores are entered from the information entered on each Cadet’s score card as they were tested. Scores are entered for all Cadets who completed all, or any event(s) tested on the Cadet Challenge.

2. From the Cadet Challenge Score Card enter the Cadets height in inches in column e. Tab over to column f and enter the Cadets weight in pounds. Tab over to column g and enter the date the Cadet completed the Cadet Challenge test. The date is entered in DDMMYY format (21 Sep 16). The date will convert to the spreadsheet template format.

Note: If you test over a multiple day period, the test date does not have to be the same date for all Cadets on the template. The template will import correctly with multiple test dates annotated in column g. The template will also import correctly if you copy the test date down the column for all the Cadets listed, even if some of the Cadets did not test at all.

3. Tab over to column H, from the dropdown menu select the abdominal strength event the Cadet was tested (curl-ups or partial curl-ups). If the Cadet did not test on this event, leave columns H and I blank. Tab over to column I and enter the Cadets numerical raw score.

4. Tab over to column J, from the dropdown menu select the arm strength event the Cadet was tested (pull-up, right angle push-ups, or flexed arm hang). If the Cadet did not test on this event, leave columns J and K blank. Tab over to column K and enter the Cadets numerical raw score.

5. Tab over to column L, from the dropdown menu select the flexibility event the Cadet was tested (v-sit reach or sit-reach). If the Cadet did not test on this event, leave columns L and M blank. Tab over to column M and enter the Cadets numerical raw score.

6. Tab over to column O, enter the Cadets numerical raw score for the one-mile run/walk in minutes and seconds (example 10:22). If the Cadet did not test on this event, leave column O blank.

7. Tab over to column Q, enter the Cadets numerical raw score for the shuttle run in seconds, to the tenth of a second (example 6.9). If the Cadet did not test on this event, leave column Q blank.

8. Repeat steps 2 through 7 for each Cadet listed on the spreadsheet who completed all or a portion of the Cadet Challenge test until all the tested Cadet's information has been entered.

9. Once all the Cadet information has been entered, save the template as a **CSV (Comma delimited (*.csv))** file from within Excel following the steps below.

a. From the **Cadet Info** tab of the spreadsheet, click the **file button** in the top left corner of the spreadsheet. A new window will open, from the left side menu list, click **save as**, a new window will open.

b. Click **Save as**, select a file location such as desktop, in the File name box, **type a file name**, from the **save as type**, selection drop-down list choose **CSV (Comma delimited) (*.csv)**. Close the spreadsheet. The spreadsheet will save in the new file format to your desktop or selected file location.

10. You are now ready to import your Cadet Challenge scores into JUMS from the completed **CSV (Comma delimited) (*.csv)** file.

9-4 Import Cadet Challenge Scores from the Completed Cadet Challenge CSV (Comma delimited) (*.csv) Import File Template into JUMS

a. From the top menu bar, select **Manage Cadets**, from the drop-down menu select **Import Cadet Challenge Scores**.

b. The Cadet Challenge Import screen will open, click the **Select Import File** button, the Cadet Import window will open.

c. Click the select **Import File** button, the Cadet Import File Upload window will open. Select **Browse**, a new window will open, select **desktop**, or the location you saved your import file. Locate the file and click on the **import file** to select the file - this will put the file name into the box in the import window. Click **open**, this will open the Cadet Import - File Upload window, click **upload**, this will upload your Cadet Challenge scores into JUMS. An on-screen pop-up box will display that will give you the status (upload successful, error, or cancelled).

d. **If an error message is displayed**, it will provide the information necessary to correct the Cadet Challenge Import template so that it will successfully upload. The errors will be displayed in a **table at the bottom of the import screen**. The errors will be displayed by **Excel row number and Cadet name** on the Cadet Import screen.

Note: If an error message is displayed, none of the Cadet Challenge scores listed on the import file were uploaded into JUMS.

Noted errors should be corrected on the EXCEL spreadsheet. Once the errors have been corrected, save the corrected file in the CSV (Comma delimited) (*.csv) format per the instructions above. Correct all displayed errors and follow steps b and c above to upload the Cadet information.

e. **Once you receive an on screen confirmation that all Cadet Challenge scores have been successfully uploaded into JUMS, JUMS will AUTOMATICALLY calculate the Cadets' scores and generate award orders for the Cadets that earned an award based on their final score.** Award orders for the N-2-2, Physical Fitness Ribbon will be automatically generated by JUMS for all Cadets who achieved a score of 85% or higher per all five events. Award orders for N-2-3, JROTC Athletic Ribbon will be automatically generated by JUMS for all Cadets who achieved a score of 50% or higher per all five events. **Both the N-2-2 and N-2-3 ribbons are annual awards.** **For traditional schedule schools, JUMS will not generate or allow a second award for either of these ribbons to be generated and published for any Cadet regardless of how many Cadet Challenge scores are entered in the Cadets record in any school year. For block schedule schools, beginning in February 2017, JUMS will generate these orders a second time for Cadets enrolled in the 2nd block of the school year.**

f. The award orders are immediately posted to each individual Cadets award record for both awards, and the N ribbons are posted to the individual Cadets Awards on Uniform report. The award orders may be reviewed, saved and printed by navigating to Manage Cadets, and selecting Award Orders.

9-5 Input Cadet Challenge Raw Scores into an Individual Cadet Record

1. From the top menu bar, select **Manage Cadets**, from the drop-down menu select the **Search/Add Cadets** link.

There are two ways to search for a Cadet.

a. In the Search Criteria section of the Search/Add cadet page you may enter the Cadet's information such as name, let level, class period etc... then click the **Search** Button, the Cadets that match the search criteria will appear at the bottom of the page.

b. The second way is to leave the Search Criteria BLANK, and click the **Search Button**, in the lower left corner of the Search/Add Cadet page. This will open your entire cadet roster, click the **Deselect All button**, you may then scroll through the names and **click on the box** in the **select column** next to the Cadets name you want to view or edit. You may select a single cadet, or multiple cadets to view or edit. Once, you have selected the Cadet or Cadets you wish to edit, click on the **Edit Selected In Group** button in the lower left corner of the screen. The Cadet Detail Screen will open for the selected Cadet(s).

2. Click on the blue **Cadet Challenge** hyperlink to add a new Cadet Challenge score into the Cadets Record. The cadet record screen will refresh, and the Cadet Challenge panel will be open.

3. From the Cadet Challenge panel, click the **"Add New"** button. The Cadet Challenge input screen will open. Enter the Cadets height and weight in the text boxes.

4. In the test type table, click on the abdominal strength drop-down menu and select the abdominal strength event the Cadet was tested (curl-ups or partial curl-ups). A text box will open, type in the numerical raw test score. If the Cadet did not test on this event, do not select from the drop-down menu.

5. In the test type table, click on the arm strength dropdown menu, select the arm strength event the Cadet was tested (pull-up, right angle push-ups, or flexed arm hang). A text box will open, type in the numerical raw test score. If the Cadet did not test on this event, do not select from the drop-down menu.

6. In the test type table, click on the flexibility drop-down menu, select the event the Cadet was tested (v-sit reach or sit-reach). A text box will open, type in the numerical raw test score in inches or centimeters. If the Cadet did not test on this event, do not select from the drop-down menu.

7. In the test type table, click on the endurance drop-down menu, select the one-mile run/walk. A text box will open, type in the numerical raw test score in minutes and seconds. If the Cadet did not test on this event, do not select from the drop-down menu.

8. In the test type table, click on the speed drop-down menu, select the shuttle run. A text box will open, type in the numerical raw test score in seconds. If the Cadet did not test on this event, do not select from the drop-down menu.

9. Once you have completed entering the Cadet Challenge scores click the **calculate percentage button**, the screen will refresh, and display the Cadets percentage scores for each event entered. If the Cadet has scores entered for all five (5) events, the Cadet attempted all 5 event boxes will be checked, and the awards the Cadet has earned will be check marked in the award list.

10. Once you have completed entering the Cadet Challenge scores click **save**, once the screen refreshes, if you have selected multiple Cadets entering Cadet Challenge scores click on the **Next** button at the top of the screen to move to the next Cadet and repeat the process.

11. Repeat steps 3 through 9 for each Cadet selected in step 1 who completed all or a portion of the Cadet Challenge test until all the selected Cadet's information has been entered.

12. **JUMS will AUTOMATICALLY generate award orders for the Cadets that earned an award based on their final score.** Award orders for the N-2-2, Physical Fitness Ribbon will be automatically generated by JUMS for all Cadets who achieved a score of 85% or higher per all five events. Award orders for N-2-3, JROTC Athletic Ribbon will be automatically generated by JUMS for all Cadets who achieved a score of 50% or higher per all five events. **Both the N-2-2 and N-2-3 ribbons are annual awards.** **For traditional schedule schools, JUMS will not generate or allow a second award for either of these ribbons to be generated and published for any Cadet regardless of how many Cadet Challenge scores are entered in the Cadets record in any school year. For block schedule schools, beginning in February 2017, JUMS will generate these orders a second time for Cadets enrolled in the 2nd block of the school year.**

13. **The award orders are immediately posted** to each individual Cadets award record and the N ribbons are posted to the individual Cadets Awards on Uniform report. The award orders may be reviewed, saved, and printed by navigating to Manage Cadets, and selecting Award Orders.

Chapter 10 – Cadet Clothing and Instructional Materials Management

10-1 Maintain the Clothing Shelf Inventory Shelf Quantity

- a. From the top menu bar, select the **Manage Supplies** tab, from the drop-down menu select the **Clothing** tab, and then select the **Maintain Clothing Shelf** menu item. 10-5 Modify Cadet Clothing Bags

Clothing Bags are **placeholders** to group Cadet clothing together to improve the efficiency and ease of issuing Cadet clothing using Cadet Batch Actions or individual Cadets. **Clothing Bags WILL ALWAYS have a shelf inventory quantity of ONE (1).** When a Clothing Bag is selected on the Cadet Clothing issue screen for issue to a Cadet or group of Cadets, the appropriate quantities of each item contained in the clothing bag will be issued to each Cadet and the designated quantity of each item in the clothing bag will be moved to each selected Cadet's Clothing/IM Hand Receipt. The **“Issued Quantity”** and the **“Current shelf Quantity”** columns of the “Maintain Clothing Shelf” inventory will automatically update the appropriate quantities of each item contained in a clothing bag as the bags are issued to Cadets. **To ensure Clothing Bags contain the correct items, clothing bags items should be reviewed and adjusted as required prior to issuing the Clothing Bags to Cadets per the procedures below.**

- a. From the top menu bar, select the **Manage Supplies** tab, from the drop-down menu select the **Clothing** tab, and then select the **Maintain Clothing Shelf** menu item. The screen will refresh to the Maintain Clothing Shelf. By default, all current clothing shelf items will be displayed in the Search Results table, regardless of the current shelf quantity. The clothing shelf by default will display is the following order: Clothing Bag, Female, Clothing Bag, Male, Clothing Bag, Raider/JCLC, Clothing Bag,

Special Team, Clothing Bag, Unit Defined, followed by all other clothing by description in alphabetical order.

b. **Edit buttons** for the clothing bags are in the “**Action**” column.

1. **View Clothing Bag Items.** The **magnifying glass icon** will open a window “**Items in Clothing Bag, Name**” to **view** a list of the clothing items **currently** contained in the clothing bag and the **quantity to issue** of each clothing item.

2. The **green circle with the + sign icon** will open a window “**Add Items to Clothing Bag, name of clothing bag selected.**” A list will display of all clothing items on the unit clothing shelf. To select an item or items to **ADD** to the clothing bag, in the **select column**, **click in the box** to place a check mark in the box adjacent to the item description that you want added to the clothing bag. Read across from the item you selected to the “**Quantity to Issue**” column and enter or update the quantity of the item you want issued. The quantity to issue number entered must be 1 or greater. Once you have selected all the items you want added to the clothing bag and verified the quantity to issue of each item, navigate to the bottom of the window and click “**Save.**” You will receive a message “**Clothing Bag changes have been successfully saved, click “OK.”**” The page will refresh to the Maintain Clothing Shelf screen.

3. The **red circle with the - sign icon** will open a window “**Remove Items from Clothing Bag, name of clothing bag selected.**” A list will display of all clothing items currently contained in the clothing bag. To select an item or items to **REMOVE** from the clothing bag, in the **select column**, **click in the box** to place a check mark in the box adjacent to the item description that you want removed from the clothing bag. Once you have selected all the items you want removed from the clothing bag, navigate to the bottom of the window and click “**Save.**” You will receive a message “**Clothing Bag changes have been successfully saved, click “OK.”**” The page will refresh to the Maintain Clothing Shelf screen.

4. The **Clothing Bag, Unit Defined** action column contains an additional **edit function, a paper and pencil icon**, which allows the unit to assign a unique unit defined name to this clothing bag. The paper and pencil icon will open a window “**Clothing Bag List**” with an input box to type in a unique name. Once the name has been typed into the input box, click “**Save.**” You will receive a message “**Clothing Bag name has been successfully saved.**” **Click “OK.”** The page will refresh to the Maintain Clothing Shelf screen. Using the “Action Column” edit functions, you may add any item(s) to the Unit Defined clothing bag that have a shelf quantity of 1 or greater to the bag. The name of this clothing bag may be changed as often as necessary to meet unit needs. The last name entered for the clothing bag will be displayed in the clothing shelf list until it is changed and saved.

- c. Once your edits of the clothing bags are complete, your clothing bag(s) are ready for issue. Follow the procedures in **para 10-6 to Batch Action Issue** a clothing bag to a group of Cadets, or the procedures in **para 10-7 to issue a clothing bag to an individual Cadet**.

11-15 Create a Unit Report

NOTE: Unit report points are awarded by category based on event information entered in JUMS for the current school year. The JUMS school year is 1 July – 30 June annually. JUMS resets on 1 July annually for the next school year.

The unit report may be generated and reviewed at any time throughout the school year. Events are not required to be finalized to generate and review the report.

Events for the report school year must be finalized before the unit report can be SUBMITTED. You will receive an error message if you attempt to SUBMIT the unit report and all the events for the report school year have not been finalized.

- a. From the top menu bar, select the **Manage Unit > Upline Reporting Data> Unit Report**
- b. Ensure current school year is selected.
- c. Click the **radio button** for Yes or No for probation and fill in the “Probation Reason” if applicable. (The **radio button** is the little ‘dot’ next to question)
- d. Fill in required information.
- e. Click save> Create Report> Submit Report

Maximum Unit Report Points				400

*** Note – A maximum of 35 points may be achieved on the unit report in the Miscellaneous Events category; the points awarded are a combination of the parade and non-parade events, and the associated point calculations.**

Unit report points based on the categories detailed above are automatically calculated when the unit report is generated in JUMS, provided the events have been correctly set-up in JUMS, and all of the required information has been entered. Specific requirements and details for each unit report category are explained in detail on the following pages.

NOTE: Unit report points are awarded by category based on event information entered in JUMS for the current school year. The JUMS school year is 1 July – 30 June annually. JUMS resets on 30 June annually for the next school year.

Event information may be edited and updated to meet unit report criteria until the event is “Finalized.” As events are finalized, JUMS will automatically check the event to ensure that unit report requirements are met (minimum number of hours, Cadets, etc.). If an event does not meet minimum unit report criteria, JUMS will display an error message “This event does not meet unit report criteria. If you complete the finalization process you will not be able to edit this event. This event will be listed on the Unit Report with zero points. Do you want to complete the finalization process?” Clicking yes will finalize the event, clicking no will return you to the event screen where you may make the required event corrections, click save, and then click the “Finalize Event” button. Instructors should correct events based on the information in the error message. Once an event is finalized by a JROTC Instructor the only editable field is the event type, all other event information cannot be edited, deleted or changed.

The unit report may be generated and reviewed at any time throughout the school year. Events do not have to be finalized to generate and review the report.

All events entered in JUMS for the school year being reported must be finalized prior to SUBMITTING the unit report. The unit report is required to be submitted by 30 June each year.

Competitive Events

Unit Report Points - minimum 30 points, maximum 50 points

Competitive events include the following types of Cadet Participation events:

- Academic
- Air Rifle
- Cadet Challenge
- Color Guard
- Drill
- Orienteering/Land Navigation
- Physical Fitness
- Raider
- JLAB

Schools that participate in curriculum related competitions (i.e., marksmanship, drill team, raider challenge, orienteering, JLAB, and LEAD game) will receive 5 points for participation in each event of the competition, not to exceed 5 events or 25 points per competition (this includes multiple competitions under one umbrella).

The competitions must be against another JROTC program, inter-battalion competitions do not qualify for credit. An additional 10 unit report points will be awarded to units that sponsor, and host Cadet Competitions.

For unit report point's calculations, each event of a competition must be entered into JUMS as a separate event to achieve the 5 maximum unit report points per event, per

the example below.

Example:

25 Cadets attend a drill meet competition consisting of 3 events

10 Cadets participate in event A

15 Cadets participate in event B

25 Cadets participate in event C

Entering this event as a single event in JUMS with 25 Cadets participating would result in a score of 5 points on the unit report. To maximize unit report points, three separate events (with the applicable cadet counts) must be entered in JUMS utilizing unique, descriptive, event names for each of the competitive events; this will result in a unit report score of 15 points.

Miscellaneous Events – Parade and Non-Parade Events

***Unit Report Points - minimum 25 points, maximum 35 points**

***Points are a combined total for parade and non-parade events.**

A miscellaneous event is defined as an activity that includes Cadet Participation in community related events. All miscellaneous events must involve at least five Cadets. Unit relaxation trips such as an amusement park pizza party, skating party, etc., do not qualify for unit report points. For unit report point calculations, miscellaneous events are sub-divided into two categories, parade, and non-parade types of events.

a. **Miscellaneous Parade.** Cadet parade and reviews are included in this category. Parade, and review events must involve participation by at least 50% of the unit Cadets, with a minimum of 30% of the unit Cadets marching in the parade or participating in the review. Brigades may make exceptions to these requirements with valid justification.

Units must perform at least one parade or review each school year. Parade or review events, up to the first two, will earn 10 unit report points each. Subsequent parades or reviews, as well as all other events in this category will earn 5 unit report points per event.

b. **Miscellaneous Non-parade.** Miscellaneous non-parade activities count five unit report points and include, but are not limited to, drill team demonstrations, visits or tours to significant points of interest, and adventure activities such as rappelling or rafting. Examples of miscellaneous non-parade events include:

- Adventure Activity
- Cadet Ride
- Dedicated Fundraisers
- Field Day

Formal Events

Unit Report Points - minimum 40 points, maximum 40 points

Units are required to participate in at least one formal event during the school year. At least 50% of the unit must participate in the formal event; however, only 30% of the Cadets must attend the event. Participation is defined as planning, coordination, and implementation of the event. Unit report credit will not be awarded for Cadets who attend a formal event hosted by another school. Examples of formal events include:

- Awards Banquet
- Dining In
- Dining Out
- Military Ball

Color Guard

Unit Report Points - minimum 20 points, maximum 40 points

Cadet color guards are competitive events, a minimum of 4 Cadets must participate in each color guard event. Unit report points are awarded for each color guard event where Cadets present, and post colors. The daily raising and lowering school flags are not considered color guard events, and do not earn unit report points.

Community Service - School Support

Unit Report Points - minimum 30 points, maximum 50 points

Support is defined as "giving freely of one's time or talents without monetary reward." Fundraisers do not qualify as support in this category. School support events must involve at least five Cadets for unit report credit of 5 points for each activity. Events entered in this category must benefit and support high school/junior high school campuses or property, per the examples below:

A maximum of 10 unit report points per service per year, are earned where service is grouped by category/activity, and event name when entered in JUMS.

To maximize your points in this category enter unique event names in JUMS to allow for the unit report point distribution when grouping services.

Example event names that may be entered into JUMS

- Athletic Event Parking
- Athletic Event Traffic Control
- Athletic Event Post Event Cleanup
- Athletic Event Usher

Community Service - Community Support

Unit Report Points - minimum 10 points, maximum 60 points

Community support projects include pre and post event activities that provide related assistance at community level activities such as adopt-a-highway, blood drives, food banks, ushers, convalescent home assistance. Support is defined as "Giving freely of

one's time or talents without monetary reward." Events entered in this activity should benefit, and support the community, or elementary, and middle schools. Unit fundraisers do not qualify as support in this category. 10 unit report points may be awarded for each activity. At least 25% of the unit Cadets must be involved in the projects over the school year.

JCLC Participation

Unit Report Points - minimum 50 points, maximum 50 points

The unit goal or quota is to have 10% or 10 Cadets, whichever is less, participate in a valid JCLC in accordance with CCR 145-2. The unit quota is calculated based on active Cadets on the date of the event. Brigades may constrain a unit to a quota less than the calculated quota.

Cadet Challenge

Unit Report Points - minimum 50 points, maximum 50 points

All JROTC programs are required to administer the Cadet Challenge fitness test to all medically qualified Cadets a minimum of once per school year. Unit report points are awarded based on the administration of the Cadet Challenge fitness test and the entry of information into JUMS.

Service Learning

Unit Report Points - minimum 25 points, maximum 25 points

Service learning is the use of active learning strategies in the classroom that include a related service project as an integral part of the instruction. Instructors can choose to use these strategies within available curriculum materials. These programs may be used to fulfill most POI requirements as they fit across the entire curriculum.

Appendix E- Enrollment Help

Traditional Schedules- Same Cadets year round

Accelerated Block- (90-100 min instruction **daily**) new students and returning students from a previous school year.

Flexible- A mixture of traditional and accelerated schedules.

LET Completion Length	Class Schedule Selection
Entire Year (Same group of students for the entire year) LET Time Schedule (LET1 Used as an example) 1st Semester LET1 45 Minutes (M, T, W, TH, F) 2nd Semester LET1 45 Minutes (M, T, W, TH, F) AJROTC Credit = 1, Other Credit = 0 1st Semester LET1 90 Minutes, 1st Week (M, W); 2nd Week (T, TH, F) 2nd Semester LET1 90 Minutes, 1st Week (T, TH, F); 2nd Week (M, W) AJROTC Credit = 1, Other Credit = 0	Traditional
Half Year (New and returning students, 2nd Semester) 1st Semester (1A,2A,3A,4A) 2nd Semester (1B,2B,3B,4B)	Accelerated Block
Combination A group of students for an entire year for LET course(s) AND another group of new and returning students for half a year for LET course(s)	Flexible

Traditional schedule: Cadets will be enrolled in LET 1, 2, 3, or 4 for the whole year.

Accelerated Block:

Cadets will be enrolled in LET 1A, 2A, 3A, or 4A for the first semester.
 Cadets will be enrolled in LET 1B, 2B, 3B, or 4B for the second semester.

As a reminder, Cadets can only complete ONE LET level per school year. If a Cadet is in LET 1A for first semester, they **cannot** advance to 2B in the second semester.

Example: PVT Smith completed LET 1A (1st semester in SY 19-20). They will need to wait to enroll into LET 2, the following school year 20-21 and will be slotted in either 2A (First Semester) or 2B (Second Semester).

Flexible:

A Cadet that will be in the program for the full year will be listed as LET 1, 2, 3, or 4.

A Cadet that is on an advanced schedule (90-100 minutes of instruction) that will take JROTC for half the year will be listed as LET 1A, 2A, 3A, or 4A in the first semester and LET 1B, 2B, 3B, or 4B for the second semester.
